MERGER ANNOUNCEMENT

As a valued client of iTLC we are excited to announce that from February 1st, after a highly successful 20 year service partnership, we will join the Computergate Australia group of companies.

Combining our capabilities makes perfect sense, providing a wonderful opportunity for us to provide an even wider range of services and deliver an enhanced customer experience to all our WA customers.

What this means for your business is seamless access to the same helpful team that you know and trust with the added backing of a National Service Desk along with a broad new array of options to assist with all your current and future technology needs. The iTLC brand, pricing, people and services will remain. You can expect us to deliver the same friendly first-rate service, we are just going to get better!

We all look forward to working closely with you to continue to provide you and your business with exceptional IT service and support now and into the future.

If you have any questions please do not hesitate to contact us.

The iTLC Team
